ATTN: Skal USA Administrators

Dear Skal USA,

It is my sincere honor to submit this letter of recommendation for Toni Koster for the position of Skal USA President.

Toni has shown her true Skal colors time and time again. It is with respect and admiration of Toni's commitment to Skal that I request your review of her qualifications for this important position. I know that Toni's qualifications, on paper and off, far exceed that of the closest competing candidate. Toni is thoughtful, organized, and passionate about all of her endeavors, but in my 5 years of experience with Toni she cares most deeply about Skal, our local chapter as well as the USA region.

This is proven by her track record and succession to the current role of VP of Memberships where she is currently exceeding club president's expectations coast to coast. Toni has worked tirelessly to strengthen and support the missions and objectives of Skal USA. Toni fully understands the level of responsibility and commitment necessary to lead all of our chapters and push our programs forward. Toni walks the talk, and continually proves herself with results.

I am honored to make this recommendation. Please contact me anytime with any questions or additional follow up in regards to Toni's executive appointment.

Respectfully yours,

Eric Kertzman  
President, Reno-Tahoe Skal Club #479
