ACTIVE MEMBERSHIP WITH SKÅL USA - KANSAS CITY CHAPTER

Active Member, Skål USA - Kansas City Chapter (January 2017 – current)

Board Member, Skål USA - Kansas City Chapter (January 2019 - present)

I have been an active member of Skål, consistently attending monthly meetings and engaging in other business via email or phone call as needed. In the last year or two, I have engaged several people from the industry, in the hopes they'd be interested in joining our club. I would estimate I've introduced our club to over 30 people, including at least the following persons listed below.

I would like to see our Chapter continue to grow, and would like to see growth of SKAL across the nation, as I see how membership benefits grow exponentially with a greater number of connections. I would like to act as a source of support to other chapters, and to help encourage them to grow their chapters, further strengthening Skål USA.
