

Dear Fellow Skalleagues,

Thank you for the opportunity to serve on the Board of SKAL USA as Internal Auditor. I know that such a commitment requires dedication, reliability, communication and most of all, active participation.

I am not volunteering to serve on this Board as a step in my resume building, I will always only serve if I feel I can somehow contribute to the success of this organization.

I have been in the Tourism Industry for over 30 Years and served on countless Boards and Associations. SKAL International Tampa Bay has brought me the most happiness and sense of true accomplishment over the years, by far.

As we recently navigated one of the hardest and unprecedented years because of COVID, our Club became stronger and more united than ever. Genuine friendship and partnership, like I believe our local club exudes, are what I hope to bring to this board in the coming years. We are all in this together and we are stronger when we share ideas, communicate respectfully, and build a solid foundation of leadership to serve those who elect us to represent them.

Thank you for your consideration and I am ready to “get to work”.

Happiness, Good Health, Friendship, Long Life – SKAL!

Best Regards,

*Steven Rodriguez*
