1. PROJECT REPORT

Conference Call - Invited for monthly call for all Region IV Club Presidents, SIUSA Reps and ESTs has been determined that we will meet every other month unless issues arise that need immediate attention by the Clubs. We had a conference call on March 8, 2013. Discussed NAASC Congress and who will be representing each club at the congress; the SIUSA Winter Board meeting that was held February 2, 2013 in Washington DC; Webinar conducted by ABA; Brandon and Eric our SIUSA Reps were also on the call to answer questions. All clubs on call gave update report of club activities.

Membership Committee-

The Membership Committee asked the SIUSA Administrator to create several letters to assist SIUSA Clubs. They include: thank you to those prospects that expressed interest during the ABA Marketplace in Charlotte, the letter was approved and then sent via email by our SIUSA Administrator to the 75+ prospects on March 12, 2013; an invitation letter to be used by clubs to invite prospects to attend a specific club meeting. And finally a third letter has been created thanking prospects for attending a recent club meeting. All are available to SIUSA Clubs. The Membership letters that were started by immediate past President Llana Smith to SIUSA members quarterly will begin again under President Tom White. Bill McGarry, SI Nashville has agreed to assist with these letters again. There are member anniversary certificates and appreciation certificates now available through the SIUSA Administrator.
